+ BE YOURSELF – BECAUSE THAT'S HOW WE WANT YOU TO +

At Anexia, we take responsibility for all the **challenges of the digital world** – each and every day. That's because we see ourselves as the **"Digital Transformation Engine".** And how do we succeed in this mission? It's simple. We are a family of facilitators with innovative ideas. We're capable of, want to, and allowed to make things happen. That's what makes us so unique! Do you want to be a part of our digital revolution and make history with us? **#joinourrevolution**

SENIOR LINUX SYSTEM ENGINEER (M/W/D)

Vienna, Klagenfurt | full time

You are a passionate Linux System Engineer and bring a keen interest in innovative technology and cloud services. Are you a dedicated person who enjoys working independently and is highly quality-conscious? If so, you are the right person for this position at Anexia.

#PROFILE

As a Senior Linux System Administrator, you'll be responsible for the ongoing optimization and management of our server infrastructure for high-availability solutions. Your main tasks will be the design of solution concepts for our customers, internal projects, and in-house products. You'll also be responsible for hardening the security of all the systems managed by you in line with best practices and internal guidelines. You'll respond to security holes and downtime notifications independently and be responsible for the planning and implementation of maintenance windows, in consultation with the customer. Further tasks will include diagnostic analyses and troubleshooting for core systems and customer projects, as well as the creation and regular updating of system documentation. Your input and ideas will contribute to the success of our company and prove to be particular important as you carry out a wide variety of challenging tasks. If you're a team player, you'll particularly enjoy working as part of our motivated, agile team.

#WANTED

- Qualification and professional experience in a similar position
- Expertise in the administration of common Linux distributions (Debian, CentOS, Ubuntu, etc.)
- Keen understanding of IT security solutions (firewalls, IDS/IPS, etc.)
- Excellent troubleshooting, documentation, and analysis skills
- Systematic and analytical thinking and a solution-oriented, independent working method
- Team player and strong customer and service focus
- First-rate German and good level of English

#REWARD

Anexia grew up as a family, and with our growth strategy, we intend to keep it that way. We like to take responsibility, respect one another, and we know that we can achieve whatever we put our minds to. We look after Anexia, and Anexia looks after us. Enthusiasm, experience, and competence count, so you can expect a fair salary and numerous benefits.

salary range

min. 49.000€

Our benefits

We are more than just a workplace. Therefore, we offer our employees many benefits (which partly depend on your position and location): good transport connections and flexible working hours. Period. Not to mention further training, a mentoring program, free parking, a mobile phone and notebook, snacks and drinks, company cars, employee events, a fun corner, ...

#ABOUT
—
