

+ BE YOURSELF – BECAUSE THAT’S HOW WE WANT YOU TO +

At Anexia, we take responsibility for all the **challenges of the digital world** – each and every day. That’s because we see ourselves as the **“Digital Transformation Engine”**. And how do we succeed in this mission? It’s simple. We are a family of facilitators with innovative ideas. We’re capable of, want to, and allowed to make things happen. That’s what makes us so unique! Do you want to be a part of our digital revolution and make history with us? **#joinourrevolution**

SYSTEM ENGINEER (M/W/D)

Vienna, Klagenfurt, Graz | full time

You have the desire and determination to constantly expand your knowledge and get acquainted with new issues and tasks. You view complex problems as a challenge and enjoy finding solutions. Then you are at exactly the right place at Anexia, because we want to make our customers happy and constantly develop ourselves.

#PROFILE

Our goal is to remain at the cutting edge of technology, while striving for the best possible solution at all times. As a system engineer, you’ll be part of the team responsible for the ongoing optimization of automation using Ansible.

In this exciting role, you’ll independently develop solution concepts for our clients, as well as for our internal projects and in-house products. Your responsibilities will also include handling the migration of an existing puppet installation to our AWX infrastructure.

You’ll write, maintain, and optimize automation for various departments, with the focus on automatic testing using Molecule.

Your ideas and input will help the company succeed as a whole and prove especially important when dealing with the diverse and challenging issues you’ll come up against.

If you’re a team player, you’ll particularly enjoy working as part of our highly motivated and agile team.

#WANTED

- Completed technical qualification (technical college or university) or professional experience in a comparable position
- Extensive experience with Ansible automation
- Outstanding skills in the administration of common Linux distributions (Debian, CentOS/Red Hat, Ubuntu, etc.)
- Ability to work well as part of a team and a strong customer and service focus
- Excellent knowledge of German and very good knowledge of English

#REWARD

Anexia grew up as a family, and with our growth strategy, we intend to keep it that way. We like to take responsibility, respect one another, and we know that we can achieve whatever we put our minds to. We look after Anexia, and Anexia looks after us. Enthusiasm, experience, and competence count, so you can expect a fair salary and numerous benefits.

salary range

min. 45.000€

Our benefits

We are more than just a workplace. Therefore, we offer our employees many benefits (which partly depend on your position and location): good transport connections and flexible working hours. Period. Not to mention further training, a mentoring program, free parking, a mobile phone and notebook, snacks and drinks, company cars, employee events, a fun corner, ...
